Introduction of EPS Foam Pelletizing Machine

PACKER® EPS foam pelletizing machine is for granulating EPS foam to be EPS pellet. It's designed with latest technology,a very integrated system which can be used for a wide range of materials,the extruder is combined together with compactor and feeding belt,the raw material will be compacted firstly in the compactor ,then get into screw immediately,in this way,the material feeding is much more stable and the output is bigger,especially for EPS foam. The compactor equipped with cutting blades can process materials same particle and more easy to feed into extruder screw.

No matter new consumer or outdated shopper, We believe in lengthy expression and trusted relationship for Europe style for China EPS Foam Pelletizing Machine, We are honest and open. We look ahead to the stop by and setting up trustworthy and long-term standing romantic relationship.

Europe style for China EPS Foam Pelletizing Machine, [Plastic Crusher](#), Business philosophy: Take the customer as the Center, take the quality as the life, integrity, responsibility, focus, innovation.We will give qualified, quality in return for the trust of customers, with most major global suppliers?ê?all of our employees will work together and move forward together.

EPS Foam Pelletizing Machine features:

- 1.It has compactor to crush, agglomerating materials. And press into extruder screw. To improve capacity to be more.
- 2.Capacity can be from 90kg/h to 400kg/h.
- 3.Watering cutting system is running automatic. For cutting pellet.
- 4.With non-stop hydraulic screen changer.
- 5.This line can be single stage or double stages as customer's requirement.

Specification of EPS Foam Pelletizing Machine

EPS Foam Pelletizing Machine			
Capacity	Compactor diameter(mm)	Extruder motor(KW)	Extruder diameter(mm)
100-200kg/h	600	90	90/33
250-300kg/h	600	110	110/33
300-400kg/h	800	160	160/33

Company

RUGAO PACKER MACHINERY CO.,LTD was built in 2015. We are trading company and manufacturer for EPS Foam Pelletizing Machine, [Mask making machine](#) and so on. We have professional technical team for technical support and service.

Deliver,Shipping And Serving

Delivery: 40-50 days after getting the payment.

Shipping: By sea

Service: 1 year guarantee. After guarantee. We will keep all parts as cost price for our customers.

And service for all life.

Servicing:

1. Professional technical team for offering our customers professional suggestions. To get most reasonable technical for the production line.

2. Sales will follow the order and report to customer the production real situation every one week.

24 hours online-service and help customers to solve problems asap. Offer all necessary documents and manual book to customers for helping to installation machines. We also offer technical to be at customer factory for installation and testing. Service whole life for our customers.
